WHAT IS THIS COURSE ABOUT?

This is the right course for anyone interested in careers within the Health and Social Care sector. It explores the health and care issues needed by people at various stages in their lives from childhood to old age. You will build up an extensive knowledge of the health care sector and will have ongoing contact with professionals in the field through workshops, visits and relevant work experience placement.

WHAT SKILLS WILL I DEVELOP?

You will study a variety of units from a bank of options provided from the exam board. The units covered might include:

Unit 1: Human Lifespan Development

Unit 2: Health and Social Care Services and Values

Unit 3: Health and wellbeing (external)
