Are you interested in training to be a teacher?

Do you want to make a difference?

We believe passionately that education has one, deeply important characteristic that nothing else can match: the opportunity for any individual to transcend their starting point. Education is the one thing that allows us all to enhance talents, gifts and abilities, and creating enhanced life chances for our students is what we strive for at The Earls.

Join us to find out more about teacher training opportunities at The Earls High School. There will be an opportunity to meet with Senior Staff, our HE providers, current ITTs/recently qualified teachers and students. There is an option to join a workshop designed to help you write an effective personal statement and a chance to join a lesson if appropriate (please specify your subject specialism when registering your interest).
