French
vocabulary
list**

INFORMATION

The following vocabulary list is intended to assist teachers in planning their work. It provides the core generic vocabulary that all students will need to acquire. It is an essential vocabulary list that students should refer to and build on when preparing for the duration of their study for the Pearson Edexcel Level 1/Level 2 GCSE (9-1) in French.

However, students entered for the Foundation tier are required to understand and respond to common or familiar words and/or forms of words that are not on the vocabulary list. Similarly, students entered for the Higher tier are required to understand and respond to common or familiar words and/or forms of words that are not on the vocabulary list and which are less common or familiar than those used in relation to Foundation tier assessments.

The vocabulary in this spreadsheet is divided into two sections, with vocabulary separated out into editable tabs for:

Section 1: High-frequency language

Section 2: Topic-specific language

Created using Specification Issue 2
