River management

The UK's evolving human landscape: Pages 72-83 in the revision Guide

UK human landscape
Migration
The UK economy
UK links with the wider world
Dynamic UK cities – case study place

Geographical Investigations – **Rivers only**: Pages 84-86 of the Revision Guide

Fieldwork Methods
Data Collection and Data Presentation Methods
Analysing, Concluding and Evaluating

Strategies and Resources for Revision:

Use the Revision Guide given to you in class – pages above – to make flash cards, try the revision questions etc.

Use Educake to set your own revision and exam questions.

Use a site called Quizlet, which is free, but you will have to register. Search for sets of flashcards and use them as they are or as games. Search by using the exact unit titles from your revision guide or Edexcel B Geography.

Use the Save My Exams website from your subject postcard.

Use any revision resources put onto Teams by your teacher – there are multiple styles of resource but make sure that they are the case studies you were taught.
